MESSAGE FROM THE PRINCIPAL

Hello Friends!

It is an honour and a privilege to be the Principal of Modern Law College, the College that stands for excellence and continuously sets the highest standards, the College is an alma mater which all alumni look back to with fond memories.

As rightly said by Dean Roscoe Pound *"Law is experience developed by reason and applied continually to further experience "*, Thus we at **Modern Law College** try to meet this saying by imparting the experience of giving logical reasoning and thus understaing the philosophy of the law by the students.

In my opinion an education institute is not just about bricks, mortar & concrete, but about building character, enriching minds & about enriching experiences that lasts a life time. Life is not a set of instructions but is a series of experiences & learning process. P.E.S Modern law College is organising the 11th Shankararo Kanitkar National Moot Court Competition on 14th January 2017. We have several colleges participating in it. My best wishes are with all the team and hope they do excel in the future.

I hope, we will do our best for the progress of the college and the students under the able guidance of our management and our well wishers.

About Shankarrao Kanitkar National Level Moot Court

By battling and arguing, you might succeed in confounding your listener but your victory will be in vain because you will never obtain the sincere agreement of your adversary- Franklin Roosevelt, President, United States of America. As rightly said by Franklin Roosevelt, argument must not be to defeat your opponent but to obtain his agreement, and what better way than by practice.

Shankarrao Kanitkar National Level Moot Court Competition is an annual moot competition hosted by the Progressive Education Society's **Modern Law College**, Ganeshkhind, Pune-16. This Competition has been established in the name of our founder member of society Late Shri. Shankarrao Kanitkar, a visionary in the field of education. This competition is intended to be a platform for law students studying in all over India. Here these budding students' advocates can match their advocacy skills with each other.

The special feature of this competition is that it is not confined to any subject or topic. We at Modern Law College believe and give a varied flavour of different subjects and legal intricacies to the law students. Thus we help in overall understanding and development of a law student. It is the aspiration of the college to undertake the issues that are relevant in the changing society and thus we draft the moot problem accordingly.

The 11th Shankarrao Kanitkar National Level Moot Competition was held on 14th January, 2017. The problem was on the lines of Judicial Accountability. The problem involved **Striking down of post of governor under the Constitution and removal of that post.** As the case had many debates and deliberations on this point special attention is required to be added, hence moot court competition was organized.

MOOT PROBLEM (Hypothetical)

Mr. Vikas Gite, a renowned mass leader and popular leader of Indiana Janata Party who also had criminal background (also former Deputy CM of state of Dakshin Pradesh) lost a Lok Sabha election to Mr. Anmol Rokade. On 7th July 2016, Ms. Shashikala, sister of Mr. Anmol Rokade, was found dead at the farm house of Mr. Vikas Gite. A case of murder was registered on the same day and charge sheet was filed on 17th August, 2016 against Mr. Vikas Gite. Mr. Vikas Gite in a press interview claimed that, he had no role to play in this incident and raised counter allegations about wrongful practices at the election campaign.

While the Inquiry was going on, considering the wide mass and political support (15 MLA's were supporting Mr. Vikas Gite), Central Govt. (coalition govt. lead by IJP) on 26th Sept. 2016 appointed Mr. Vikas Gite as Governor of State of Maharajya. By virtue of immunities under the Constitution of Indiana, all cases and inquiries against Mr. Vikas Gite were suspended. Taking in to consideration the misuse of boundless powers relating to appointment and term of Governor under constitution (specially Article 156 (1)), and limited role of Governor in modern democratic setup, MLRC, a private organisation filed a petition in SC of Indiana for striking down the provisions relating to the Governor under the Constitution of Indiana and directing the Government for removal of post of Governor.

Note: The laws of Indiana are in parity with Indian Law Problem and names in the same are hypothetical and in case of resemblance, it is incidental and not intentional.

About NSS

National Service Scheme, under the Ministry of Youth Affairs & Sports Govt. of India, popularly known as NSS was launched in Gandhiji's Birth Centenary Year 1969, in 37 Universities involving 40,000 students with primary focus on the development of personality of students through community service. Today, NSS has more than 3.2 million student volunteers on its roll spread over 298 Universities and 42 (+2) Senior

Secondary Councils and Directorate of Vocational Education all over the country. From its inception, more than 3.75 crores students from Universities, Colleges and Institutions of higher learning have benefited from the NSS activities, as student volunteers.

NSS volunteers generally work with villages, slums and voluntary agencies to complete 120 hours of regular activities during an academic year. As per the fundamental principles of National Service Scheme, a volunteer is expected to remain in constant touch with the community. Hence, it is of vital importance that a particular village/slum is selected for implementation of NSS programmes. As the NSS volunteer is to live with the members of the community and learn from their experience during his/her tenure in NSS, the village/slum should be carefully selected for adoption by NSS unit.

The overall aim of National Service Scheme as envisaged is to give an extension dimension to the higher education system and orient the student youth to community service while they are studying in educational institution. The reason for the formulation of this objective is the general realization that the college and 10 + 2 level students have tendency to get alienated from the village/slum masses which constitute the majority of the population of the country. The educated youth who are, expected to take the reins of administration in future are found to be unaware of the problems of the village/ slum community and, in certain cases are indifferent towards their needs and problems. Therefore it is necessary to arouse the social conscience of the students, and to provide them an opportunity to work with the people in the villages and slums. It is felt that their interaction with common villagers and slum dwellers will expose them to the realities of life and bring about a change in their social perception.

Objectives:

The broad objectives of NSS are to:-

1. Understand the community in which they work;
2. Understand themselves in relation to their community;
3. Identify the needs and problems of the community and involve them in problem solving process;
4. Develop among themselves a sense of social and civic responsibility;
5. Utilize their knowledge in finding practical problems;
6. Gain skills in mobilizing community participation;

7. Develop competence required for group living and sharing of responsibilities;
8. Acquire leadership qualities and democratic attitude;
9. Develop capacity to meet emergence and natural disasters and
10. Practice national integration and social harmony.

The Motto:

The motto or watchword of the National Service Scheme is 'NOT ME BUT YOU'. This reflects the essence of democratic living and upholds the need for selfless service and appreciation of other person's point of view and also to show consideration. Manual is based on the 'Rath' wheel of the Konark Sun Temple situated in Orissa. These giant wheels of the Sun Temple portray the cycle of creation, preservation and release, and signify the movement in life across time and space. The design of the symbol, a simplified form of the Sun chariot wheel primarily depicts movement. The wheel signifies the progressive cycle of life; it stands for continuity as well as change and implies the continuous striving of NSS for social transformation and upliftment.

Celebration of Independence Day

The NSS Unit of the Modern Law College is officially starts its official year with the celebration of the Independence Day that is on 15th August. Principal Dr. Sunita Adhav officially inaugurates the NSS Unit. The Students perform various cultural programs and express their views about the Independence Day and current situations. Students perform Street Plays in college as well as at the Prominent places in Pune City on the topics of Public Awareness, Traffic Awareness, Voter Awareness, etc. The actual working of NSS unit starts in the month of July only with the Tree Plantation Activities.

Principal Dr. Sunita Adhav in her inaugural speech always talks about recent problems and issues. She also reminds the students to respect the National Flags and appeals them to collect the Flags wherever you find. This has become a good practice that our students pick up the flags if found on the streets or anywhere and they are disposed with due respect.

The Programme is organised by the NSS Programme Officer Mr. Abhijeet Dhere with the help of NSS Volunteers.

Report on CID Visit

Venue: - CID Department, Ganeshkhind, Pune.

Date and Time: - 4th and 6th January 2018, 11.00 a.m.

Introduction: - From January 02 to January 06, 2018, Modern Law College hosted a visit to the Crime Investigation Department (hereafter "the Department"). The visit was organised by the College in response to a letter from the CID Department dated January 29, 2018. The visit was prompted by the Department's commemoration of 'Raising Day,' which took place from January 2 through January 8, 2018. The major goal of the event was to foster communication between the police and the general people.

Working of CID:-

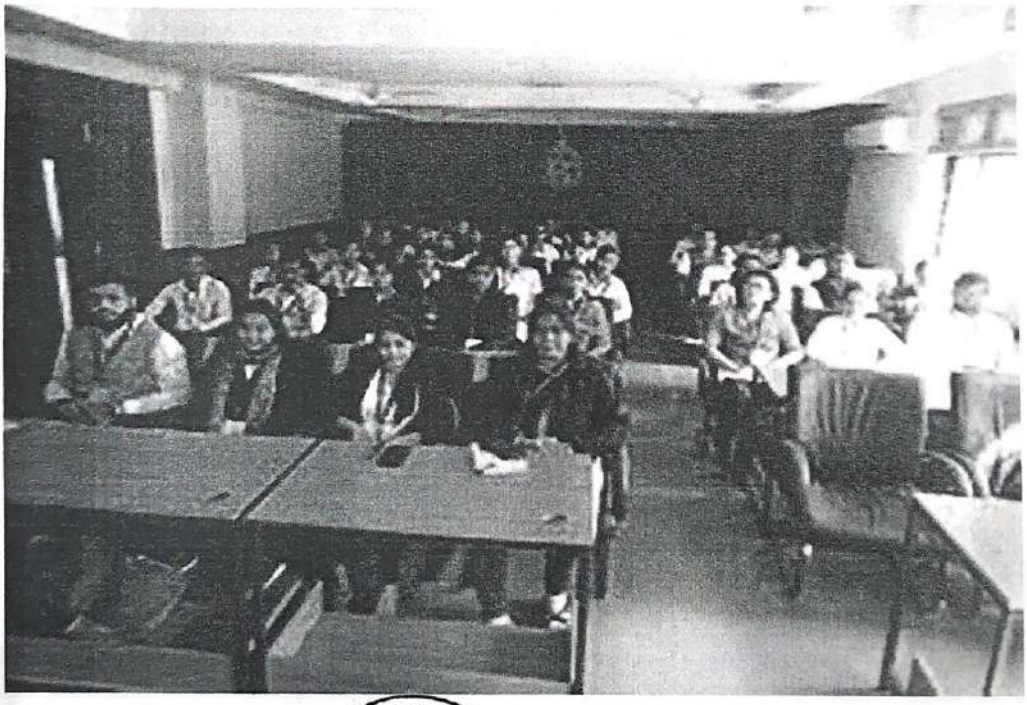

The Maharashtra Department is based in Pune, on Pashan Road, immediately close to the College. The goal of the tour was to have a better understanding of the Department's operations and fingerprint analysis.

The Department's goal is to make Maharashtra the safest state in the country. The mantra that guides them is "finding wrong to discover the truth."

The Maharashtra State Police's investigating wing is the Department. The Department's and local police departments use the same investigating process. The Department, on the other hand, only gets involved when the investigation is difficult or involves interstate/ inter-district issues.

About NSS

National Service Scheme, under the Ministry of Youth Affairs & Sports Govt. of India, popularly known as NSS was launched in Gandhiji's Birth Centenary Year 1969, in 37 Universities involving 40,000 students with primary focus on the development of personality of students through community service. Today, NSS has more than 3.2 million student volunteers on its roll spread over 298 Universities and 42 (+2) Senior

Secondary Councils and Directorate of Vocational Education all over the country. From its inception, more than 3.75 crores students from Universities, Colleges and Institutions of higher learning have benefited from the NSS activities, as student volunteers.

NSS volunteers generally work with villages, slums and voluntary agencies to complete 120 hours of regular activities during an academic year. As per the fundamental principles of National Service Scheme, a volunteer is expected to remain in constant touch with the community. Hence, it is of vital importance that a particular village/slum is selected for implementation of NSS programmes. As the NSS volunteer is to live with the members of the community and learn from their experience during his/her tenure in NSS, the village/slum should be carefully selected for adoption by NSS unit.

The overall aim of National Service Scheme as envisaged is to give an extension dimension to the higher education system and orient the student youth to community service while they are studying in educational institution. The reason for the formulation of this objective is the general realization that the college and 10 + 2 level students have tendency to get alienated from the village/slum masses which constitute the majority of the population of the country. The educated youth who are, expected to take the reins of administration in future are found to be unaware of the problems of the village/ slum community and, in certain cases are indifferent towards their needs and problems. Therefore it is necessary to arouse the social conscience of the students, and to provide them an opportunity to work with the people in the villages and slums. It is felt that their interaction with common villagers and slum dwellers will expose them to the realities of life and bring about a change in their social perception.

Objectives:

The broad objectives of NSS are to:-

1. Understand the community in which they work;
2. Understand themselves in relation to their community;
3. Identify the needs and problems of the community and involve them in problem solving process;
4. Develop among themselves a sense of social and civic responsibility;
5. Utilize their knowledge in finding practical problems;
6. Gain skills in mobilizing community participation;

7. Develop competence required for group living and sharing of responsibilities;
8. Acquire leadership qualities and democratic attitude;
9. Develop capacity to meet emergence and natural disasters and
10. Practice national integration and social harmony.

The Motto:

The motto or watchword of the National Service Scheme is 'NOT ME BUT YOU'. This reflects the essence of democratic living and upholds the need for selfless service and appreciation of other person's point of view and also to show consideration. Manual is based on the 'Rath' wheel of the Konark Sun Temple situated in Orissa. These giant wheels of the Sun Temple portray the cycle of creation, preservation and release, and signify the movement in life across time and space. The design of the symbol, a simplified form of the Sun chariot wheel primarily depicts movement. The wheel signifies the progressive cycle of life; it stands for continuity as well as change and implies the continuous striving of NSS for social transformation and upliftment.

Purpose of the visit

The primary purpose of the visit was to study the role of Yerwada Jail in the treatment of prisoners in the framework of rehabilitative and reformative activities given to the prisoners, the responsibility of the jail authorities towards prisoners, the behaviour of the inmates of the jail.

Physical Observation

Our visit timing was fixed at 11.30 am on 23rd Nov 2019. We were instructed not to carry any gadgets or bags and only take our ID proofs inside the jail. We went to the main Yerwada Jail, where male prisoners are kept.

We were first guided to the place where the famous Poona Pact was signed between Dr. Ambedkar and Gandhiji in 1932. That area has been conserved. It also showcases Gandhiji's Charkha.

Then we were escorted to the kitchen area where the prisoners were preparing lunch for themselves. As we entered the kitchen, we were invited to taste the food that the prisoners had just prepared. We took a round of the kitchen where we saw a couple of big machines preparing flour dough in good quantity. Then we saw the prisoners standing in a line making rotis and vegetables.

Then we were escorted to the library, which was closed on that day. However, the library was rich in books, journals and magazines which were in different languages.

The police officer then briefed us about the daily activities of the inmates: -

Prisoners are engaged in various activities. The prison is divided into various sections, and inmates are allotted tasks like cooking, cleaning, carpenter, FM Radio, stitching, etc. Every prisoner wakes up at 6.00 am. The work is allotted only to convicts and not to under-trial prisoners. The salary of the prisoners is divided into three categories; Unskilled labor, Semi-skilled Labour, Skilled Labour at the rate of 30 rupees – 61 rupees per day.

After that, the Police officer cleared our queries and doubts in the question-answer session.

We discussed:

What is the vision of the prison department?

The prisons nowadays are styled as a correctional institution rather than as an institution for punishment. With the evolution of society and the increasing importance of human rights, we have moved to an era of reformation from the era of retribution.

What is the quantity of the food provided to the prisoners?

It depends on the type of work the prisoners do. They usually are provided 450gms -500gms of food.

Whether Home cooked food is allowed?

It is no longer allowed for the family to bring food for inmates. It is allowed only on the order of the court subject to examination and rules. On bringing the approved items for a prisoner, the quantity of the food is measured; only 500grms of food is allowed, and the family member tests the meal in front of the officer in charge before it is provided to the inmate.

What are the premises of the jail?

The jail is spread over around 540 acres for administration premises where agriculture and other activities are carried out.

PRINCIPAL
P. E. Society's
Modern Law
Ganeshkhind,

Are Labour Laws applicable?

No, the labour laws are not applicable because they are prisoners.

Whether festivals are celebrated?

Festivals like Ganesh Chaturthi, Diwali, etc., are celebrated to improve the mental health of the prisoners.

Has anyone tried to escape jail premises?

The murder convict, who was serving a life term at the jail, procured the pipes, hook, and blade from the jail industry, where he was assigned the task of making furniture escaped from Yerwada prison.

Are there any education facilities for inmates?

Prison education is widely appreciated because it adds to their reformation. Education makes them better people. IGNOU (Indira Gandhi National Open University) and YCM are the universities that provide books and other study material to the inmates. The government bears expenditure on fees for IGNOU/YCM.

Why can students not access the other premises of the prison?

One of the convicts had filed a writ petition stating that the prisoners behind bars are not the zoo's animals. The court allowed the petition.

Are Medical facilities provided?

The Medical facilities are provided in the jail premises, but for the surgery, the jail authorities are depended on Sassoon Hospital.

We were escorted to FM Radio Room, where the songs were aired to the entire jail premises through this room. This was done to divert the minds of the inmates from the wrong ideas. The operator of this room was a prison inmate. Other inmates can request him to play a song of their choice.

This was indeed a great visit as we visited for the first time. Naturally, the perception of the jail was very different when we entered the premises. But whole perception and opinion about the prisoners, the authorities, and the prison administration changed after the visit. Custody, care, and treatment are the three main functions of the modern prison organization.

REPORT STRESS MANAGEMENT LECTURE

Date: - 21st September 2018

Time: - 11.00 am to 1.00 pm

Students in today's world are under a lot of stress, whether it is academic related or family related or peer pressure. P. E. S. Modern Law College organized a guest lecture on "Stress Management" for the students on 21st September 2018 and invited Dr. Vishal Harpale, the guest lecturer Cognitive Behavioral Psychotherapist, Noble Hospital, Magarpatta, Pune. He discussed the categories of stress levels with the students and taught them techniques that can help manage stress in their daily routine.

Cognitive behavioral therapy (CBT) is a type of psychotherapeutic treatment that helps people learn how to identify and change destructive or disturbing thought patterns that have a negative influence on behavior and emotions.

Cognitive behavioral therapy focuses on changing the automatic negative thoughts that can contribute to and worsen emotional difficulties, depression, and anxiety. These spontaneous negative thoughts have a detrimental influence on mood.

Through CBT, these thoughts are identified, challenged, and replaced with more objective, realistic thoughts. There are a number of specific types of therapeutic approaches that involve CBT, including:

Cognitive therapy centers on identifying and changing inaccurate or distorted thinking patterns, emotional responses, and behaviors; it is focused on using a wide range of strategies to help people overcome these thoughts. Techniques may include journaling, role-playing, relaxation techniques, and mental distractions.

Where earlier behavior therapies had focused almost exclusively on associations, reinforcements, and punishments to modify behavior, the cognitive approach addressed how thoughts and feelings affect behaviors.

Today, cognitive behavioral therapy is one of the most well-studied forms of treatment and has been shown to be effective in the treatment of a range of mental conditions including anxiety, depression, eating disorders, insomnia, obsessive-compulsive disorder, panic disorder, post-traumatic stress disorder, and substance use disorder.

Residents from the nearby area were also invited and were present for the programme to know about the free legal aid services which they are entitled to being the fundamental right as guaranteed by the Indian Constitution. Article 14 guarantees all person equality and equal protection before the law within the territory of India. Accordingly, Article 39 A of the Constitution of India provides for free legal aid to the poor and weaker sections of the society to promote justice based on equal opportunity. The law students who are the future Advocates being the social engineers have the immense responsibility of delivering justice and hence are required to play their roles sincerely in implementing the various legal aid schemes and to ensure access to justice to poor and marginalized sections of the society and hence the present Legal Aid Programme had been organized by Modern Law College to create awareness about access to justice for all and the responsibility of the future lawyers to that effect.

The programme started at 10.05 am. Advocate Sagar Nevase Sir, Advocate Shahin Shinde Madam, Advocate Pragati Patil Madam, Advocate Asha Madam were the esteemed guest panel invited by Modern Law College to conduct the Legal Aid Programme and to guide the participants. The programme started with an inauguration function and the esteemed panel of guests was introduced by Assistant Prof. Prajakta. All the guest were felicitated by Modern Law College.

Our first guest Advocate Sagar Nevase Sir who has been the founding member and president of Janadalat for the last 15 years explained the concept of Janadalat. He then proceeded to explain the motive behind initiating such a noble concept of Janadalat in the year 2005. He wanted to address the technical problems faced by Junior Advocates entering the field of law and the clients alike. He further wants to address the misunderstanding and general perception about the Advocates and Courts among people that seeking justice through Court is very expensive as Advocates fees are very high and the Court procedure is very time and money consuming. In this situation, recognizing the need and urge of both the Clients and Advocates, Advocate Sagar Sir and his collegues started the concept of Janadalat. Janadalat first started operating from Bibvewadi, Pune from 6 pm to 8 pm. They started solving the problems relating to family disputes through guidance and counseling. Janadalat is involved in spreading legal awareness among people and guides them by giving legal advice and resolving their disputes through court mechanisms by charging them nominally or free of costs to poor or needy ones. He states that this service is not for the high-income groups. He then proceeded to narrate an incident about legal aid provided by Jan Adalat. The said incident took place at Chakan in which in an ongoing property dispute, the daughter had locked up her parents inside their house and even blocked the phone access to her mother. The parents tried to repeatedly reach out to the Police but they didn't take any cognizance. When they reached out to JanAdalat and when the JanAdalat intervened, the police finally took cognizance of the matter and released the

Allied

parents and a complaint was registered. He further said that many times the Police don't respond to such cases but there are Supreme Court guidelines and directions that whenever there is sexual harassment or abuse of women, Police are required to take notice of such crimes. Further, he said that JanAdalat also organizes frequent workshops for imparting legal knowledge and educating them about day-to-day legal issues like reading and understanding 7/12 extract of property, various legal documents related to immovable properties, various certificates, etc. They also conduct *"Samvad Satre"* on various legal aspects. During the Covid-19 lockdown, they conducted various webinars. Janadalat is the first to get the Vakil Gaurav Puraskar for their valuable contribution towards providing free legal services to society. At present JanAdalat has 4 centers in Pune and is planning to open 18 more in the coming days to serve more people by providing low-cost and free legal advice and assistance to the needy.

Advocate Shahin Shinde Madam was our next guest and speaker. She also has extensive experience in Criminal, Civil, and Family laws. She is also a professional Counsellor. She explained the concept of a good family and how it should be. An ideal person is recognized and identified by his upbringing and his family plays an important role in it. A person has a good reputation because of good family background. Good families form the base of society. There is a responsibility on part of all of us to keep good family values and relations intact. But nowadays, disputes and domestic violence within families are on the rise. The lawyers/Advocates must guide the litigants in matters of divorce, maintenance,

custody of children, premarital guidance, and other issues. Nowadays not only women but men are also facing problems of domestic violence and abuse. In a divorce by mutual consent, counseling plays a very important role. The following amongst many others are the solutions for domestic violence:-

1. Forget the past and come together.
2. Adjustment and solution
3. Last is divorce

It is a serious matter when the divorcing couple has a child. She also said that every child has a right to get the love and affection of his parents. Visiting rights do not ensure the right of the child to get the love and affection of his/her parents. She also further stated that pre-marital counseling nowadays is very important as the role of parents interfering in their children's married life is increasing which is further leading to a lot of problems/disputes in the family. To protect the marriages, undue and unwarranted interference of parents must be stopped completely.

Our next speaker was Advocate Pragati Patil Madam who has extensive experience of practicing for 28 years in family laws. She threw light on the procedure and the documentation required for filing a divorce application before the Family Court. She stated that the required documents if not presented within 8 days after filing the Application, the Application may be dismissed. She stated that the following are the main documents required for filing the divorce petition:

1. Marriage Invitation Card
2. Marriage Photographs
3. Copy of Marriage Registration if done
4. Proof of Residence
5. Birth Certificate of a child if the couple has an issue.

Section 10 of the Hindu Marriage Act provides for Judicial Separation which states that for seeking a divorce, a period of 1 year of judicial separation is necessary. Madam further explained the provisions regarding maintenance under S. 125 of Cr.P.C., the women can get maintenance even after the divorce. The various provisions regarding maintenance are given in sections 24 and 25 of the Hindu Marriage Act, 1956 and in Chapter III Section 18 to 28 of the Hindu Succession & Adoption Act, 1956.

Our next guest and speaker was Advocate Asha Madam. She has been extensively practicing in the field of Civil, Criminal, Labor, and Family Law for the last 30 years. She explained the provisions for affected women who can seek protection from police officers and Magistrates. She explained to us that there are shelter homes for those women who are facing serious physical, economic, and psychological problems. She further explained that there are special provisions for the protection of women and children in our Constitution. Even on an international level all over the world, there are United Nations Charters for the protection of women and children. If a woman after having endured violence runs away from her matrimonial home then she has a legal right to get all her valuable things like ornaments, documents, clothes, and other properties. She further stressed the importance of good family values for a better society. She said we worship Lord Shiva and his family along with Goddess Parvati, Lord Ganesha, and Lord Kartikeya. Lord Shiva's family has so many contradictions in his family i.e they all have their different carriers ("*Vahan*") and they all have their unique and different attributes. Irrespective of having these contradictions, they live in harmony and with love. Taking inspiration from Lord Shiva's family, we all should live in harmony and always strive to create a better society based on ideal values.

After the speeches of the expert panel, they were felicitated by Modern Law College for their valuable guidance. Professor Bhoite Madam thanked everyone and expressed gratitude on behalf of Modern Law College.

After expressing thanks and gratitude, the students personally interacted with the participants of the Legal Aid Workshop and informed them of all the benefits available to them through free legal aid. The students also made an effort to understand the problems of the participants especially women. The students also got the Legal Aid forms filled from the residents/people who had participated in the Legal Aid Workshop in which they had to mention their details and any family issues/disputes which required legal assistance.

The programme concluded at 12.30 pm. It was very well planned and organized. The programme proved very fruitful for the students as they got valuable guidance and important insights regarding the Legal Aid Services. Practical workshops like these play an important role in imparting valuable and practical education to law students and shaping future lawyers. The students do look forward to attending many such programmes and benefit from them.

Report of 2019-2020

About Modern Law College:

P. E. Society's **Modern Law College** is located in the serene locality of Ganeshkhind, Pune in theclose proximity with India's one of the most premier legal institution that is Savitribai Phule Pune University (Formerly University of Pune). The Pune City is also known as **Oxford of the East**.

The College is a proud part of one of the most prestigious and eminent networks of educational institution that is Progressive Education Society, which was established in the year **1934** by Late ShankarraoKanitkar Guruji. The society which was started with one school now has more than 60 Prominent Educational Institution ranging from KG to PHD.

With a view to impart the Quality Legal Education which is the ***'sine qua nan'*** for the development and progress of any society, the Progressive Education Society established Modern Law College in the year **2003**.The Legal System in our country is based on the principle and presumption that all the citizens are aware of law and are expected to follow the same, in its letter and spirit.The strength of legal education is also in the maxim ***'Lex FacitRegem'***, which means 'law makes the king'. If law is stronger than the king himself, the importance of law and legal education in the life of a common man, is beyond any imagination. The Progressive Education Society with the vision to provide quality based legal education has established Modern Law College.

The Modern Law College since its inception has been active in the fields of social activities. Along with imparting Quality Legal Education, the college has always taken into consideration the importance and significance of our social Responsibilities towards society. The College has always taken various initiatives to reach to the society and do its bit for the development and progress of it.

About NSS:

National Service Scheme, under the Ministry of Youth Affairs & Sports Govt. of India, popularly known as NSS was launched in Gandhiji's Birth Centenary Year 1969, in 37 Universities involving 40,000 students with primary focus on the development of personality of students through community service. Today, NSS has more than 3.2 million student volunteers on its roll spread over 298 Universities and 42 (+2) Senior Secondary Councils and Directorate of Vocational Education all over the country. From its inception, more than 3.75 crores students from Universities, Colleges and Institutions of higher learning have benefited from the NSS activities, as student volunteers.

NSS volunteers generally work with villages, slums and voluntary agencies to complete 120 hours of regular activities during an academic year. As per the fundamental principles of National Service Scheme, a volunteer is expected to remain in constant touch

with the community. Hence, it is of vital importance that a particular village/slum is selected for implementation of NSS programmes. As the NSS volunteer is to live with the members of the community and learn from their experience during his/her tenure in NSS, the village/slum should be carefully selected for adoption by NSS unit.

The overall aim of National Service Scheme as envisaged is to give an extension dimension to the higher education system and orient the student youth to communityservice while they are studying in educational institution. The reason for the formulation of this objective is the general realization that the college and 10 + 2 level students have tendency to get alienated from the village/slum masses which constitute the majority of the population of the country. The educated youth who are, expected to take the reins of administration in future are found to be unaware of the problems of the village/ slum community and, in certain cases are indifferent towards their needs and problems. Therefore, it is necessary to arouse the social conscience of the students, and to provide them an opportunity to work with the people in the villages and slums. It is felt that their interaction with common villagers and slum dwellers will expose them to the realities of life and bring about a change in their social perception.

Objectives:

The broad objectives of NSS are to: -

1. Understand the community in which they work;
2. Understand themselves in relation to their community;
3. Identify the needs and problems of the community and involve them in problem solving process;
4. Develop among themselves a sense of social and civic responsibility;
5. Utilize their knowledge in finding practical problems;
6. Gain skills in mobilizing community participation;
7. Develop competence required for group living and sharing ofresponsibilities;
8. Acquire leadership qualities and democratic attitude;
9. Develop capacity to meet emergence and natural disasters and
10. Practice national integration and social harmony.

The Motto:

The motto or watchword of the National Service Scheme is **'NOT ME BUT YOU'**. It is very deep and suggestive and is keeping with the spirit of service for others. This reflects the essence of democratic living and upholds the need for selfless service and appreciation of other person's point of view and also to show consideration.

The Manual is based on the 'Rath' wheel of the Konark Sun Temple situated in Orissa. These giant wheels of the Sun Temple portray the cycle of creation, preservation and release, and signify the movement in life across time and space. The design of the symbol, a simplified form of the Sun chariot wheel primarily depicts movement. The wheel signifies the progressive cycle of life; it stands for continuity as well as change and implies the continuous striving of NSS for social transformation and upliftment.
